

## MTT-100 ~ Low voltage Transformer

### TRANSFORMER SPECIFICATIONS:

**Housing Material:**

304 Brushed Stainless Steel.

**Core:**

Fully encapsulated Toroidal core

**Features:**

Sealed hinged door removable and lockable, Pre-scored knockouts sides and bottom panel, toolless removeable bottom panel, timer receptacle inside, photocell ready bypass loop, two commons per circuit, primary thermal protection included, secondary side magnetic circuit breaker included, oversized terminal blocks multiple wire input. Most components field replaceable.

Operates cooler, quieter and more efficient than Magnetic core transformers.

**Dimensions:**

5.75"W x 10.5"H x 4.75"D

**Watts:** 100

**Wiring:**

125° C rated internal wiring.

**Electrical specs:**

12-15-volt range terminal blocks, 100 watts. 6' –heavy duty power cord 120-volt input, Surge suppressor included- prevents initial start overload, 115-amp terminal block included.

**Mounting/ Fasteners:**

Keyhole slot Quick mount bracket.

**Certification:**

CETL listed and approved, Lifetime warranty
